Subject: City of Elgin Water System Improvement Project

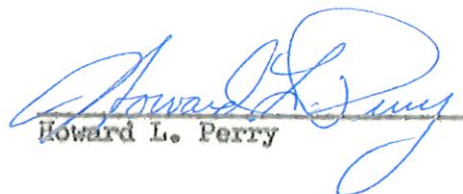

Dear Mr. Hebard:

Enclosed for your review and approval are two sets of plans and technical specifications for Phase 2 of the Elgin Water System. The other sections of the Contract Documents will be the same as Phase 1.

These plans will be sent to the printer on February 28 and will be available to prospective bidders on March 10, 1975. Your review and comments before February 28 would be appreciated so that any changes required could be made before the final plans are printed.

If you have any questions, please give me a call.

Very truly yours,

Howard L. Perry
